

THE CATSPA W

JULY 2020

UNPRECEDENTED TIMES

Looking to the Future

Clearly, the pandemic and governmental guidelines and regulations and safety concerns have drastically changed the scheduling of and participation in events.

To date we have not had a Selection Committee meeting [usually in April] or a Board of Directors meeting [usually in June].

At this point, there is much uncertainty about the future scheduling of events for the remainder of the year. Because of this, the Board of Directors [through email and upon the recommendation of the Executive Committee] has made the decision that the following will not occur in 2020: the selection of inductees for 2020, the luncheon & induction ceremony for 2020, the golf event for 2020, and the basketball classic for 2020.

Scholarship recipients have been chosen for 2020 and they will be given their money when they are enrolled and near the time the fall semester begins. The recipients names will be published in a future newsletter.
